

Consultation on Proposal to add an Autistic Spectrum Disorder Specialist Resource Base at Stalham High School, Stalham, Norfolk, from 1 April 2023

Our Proposal

Synergy Multi Academy Trust would like to hear your views on our proposal for Stalham High School to add a **20 place Autistic Spectrum Disorder Specialist Resource Base (ASD SRB) from 1 April 2023**.

Our Specialist Resource Base will be located in the recently closed Stalham Children's Centre building, next to Stalham High School. This proposal will be supported by a Norfolk County Council capital project to re-model the existing building in line with ASD SRB building specifications. This will create an enabling environment for SRB learners in a bespoke accommodation base.

The proposal will also be supported by a recurrent funding agreement to support an agreed staffing structure for the Specialist Resource Base, including resources, equipment and running costs associated with the Base.

Places at the Specialist Resource Base will be agreed through the County Councils' Autism Base Admissions processes and the school will be part of the decision-making process. It will grow to full capacity through this admissions process and may therefore not be full on the 1st of April 2023.

Specialist Resource Bases are a key part of Norfolk's Local Offer for children with special educational needs and their families, and have been identified in Norfolk's SEND Strategy as a priority for development.

What is a Specialist Resource Base (SRB)?

Autism bases form part of the Specialist Resource Base programme in Norfolk and are a key component of Norfolk's SEND Local Offer, and of mainstream inclusion support to children, families and the school system.

Autism Bases are areas within a mainstream school with a dedicated lead teacher and high levels of support staff. They are an integral part of the school and provide additional support from trained staff for children with social communication difficulties or a diagnosis of autism.

Autism Bases provide a learning area which is calm and adapted to meet these needs. Children and young people can be taught in the Base or within mainstream classes as required. Pupils are supported to access mainstream classes alongside their peers as much as they are able to. The balance of time spent between the Base and mainstream classes can vary and depends on each student's individual needs.

Placements at the Autism Base are permanent, and pupils will be on the roll of Stalham High School. These places do not form part of the school published admission number (PAN) and are registered in addition to that number.

What are the benefits of this proposal?

Synergy Multi Academy Trust and senior leaders of Stalham High School feel these changes would benefit children and young people because it will:

- support more students with special education needs and disabilities to be educated and thrive in their local school and community;
- enhance students' progress by effectively meeting their individual social communication and interaction needs;
- help facilitate better access to the curriculum and support students to achieve their potential;
- ensure that needs can be met locally avoiding the need for students to spend unnecessary time travelling to an appropriate school further away. This is better for young people and saves the taxpayer money in transport costs;
- increase the availability of places to meet the needs of students with SEND;
- address identified geographical, and age and phase gaps in SRB provision as identified in Norfolk's SEND Strategy;
- support the sharing of expertise and good autism practice as part our school and Trust.

Capital costs

All capital costs for refurbishment will be funded from Norfolk County Council's SEND and Alternative Provision Transformation Programme to ensure there is the appropriate accommodation.

How can you have your say?

The school will be holding a drop in event on Tuesday May 3rd between 3.30pm and 4.30pm where you can come and find out more about this proposal. Please register to take part in our consultation event by emailing SRB@stalhamhigh.co.uk

If you unable to attend this event but would like to comment on our proposal, you can have your say by:

- Accessing our online survey; <http://norfolk.citizenspace.com/childrens-services/stalhamsrb>

We need all responses by 12 noon Monday 23rd May 2022.

What happens next?

Synergy Multi Academy Trust will consider all the responses received during this consultation and decide whether to complete a business case and send it to the Regional Schools Commissioner for a decision.

Date: 22/04/2022

Consultation on proposed changes to Stalham High School

Let us know what you think of our proposal.

How far do you agree or disagree with our proposal to establish a permanent 20 place Specialist Resource Base for Autistic Spectrum Disorder at Stalham High School?

Please tick a box.

Strongly agree

Agree

Neither agree or disagree
