# Changing Places in Norfolk

Changing Places are larger accessible toilets for people who cannot use standard accessible toilets.

They have equipment like hoists, curtains, adult sized changing bed and space for carers.

The Government has £30 million to give to district councils to pay for more Changing Places.

Norfolk County Council has £600,000 to spend on new Changing Places – this could maybe pay for up to 8 new Changing Places.

We want people to enjoy going out at night as well as during the day.

We want everyone to be able to enjoy days out. We want Changing Places in places where disabled people want to visit, like outdoor spaces or the Zoo!

We want to make life easier for people when they are travelling.

We want to make sure that there are Changing Places across Norfolk - not all in the same place!

## We have

- Looked at what toilets there are now and what toilets are being planned.
- Looked at our own buildings
- Asked the district councils what places they are looking at
- Looked at what makes a good Changing Places toilet

We want to know what you think our Changing Places should be like and where they should be.

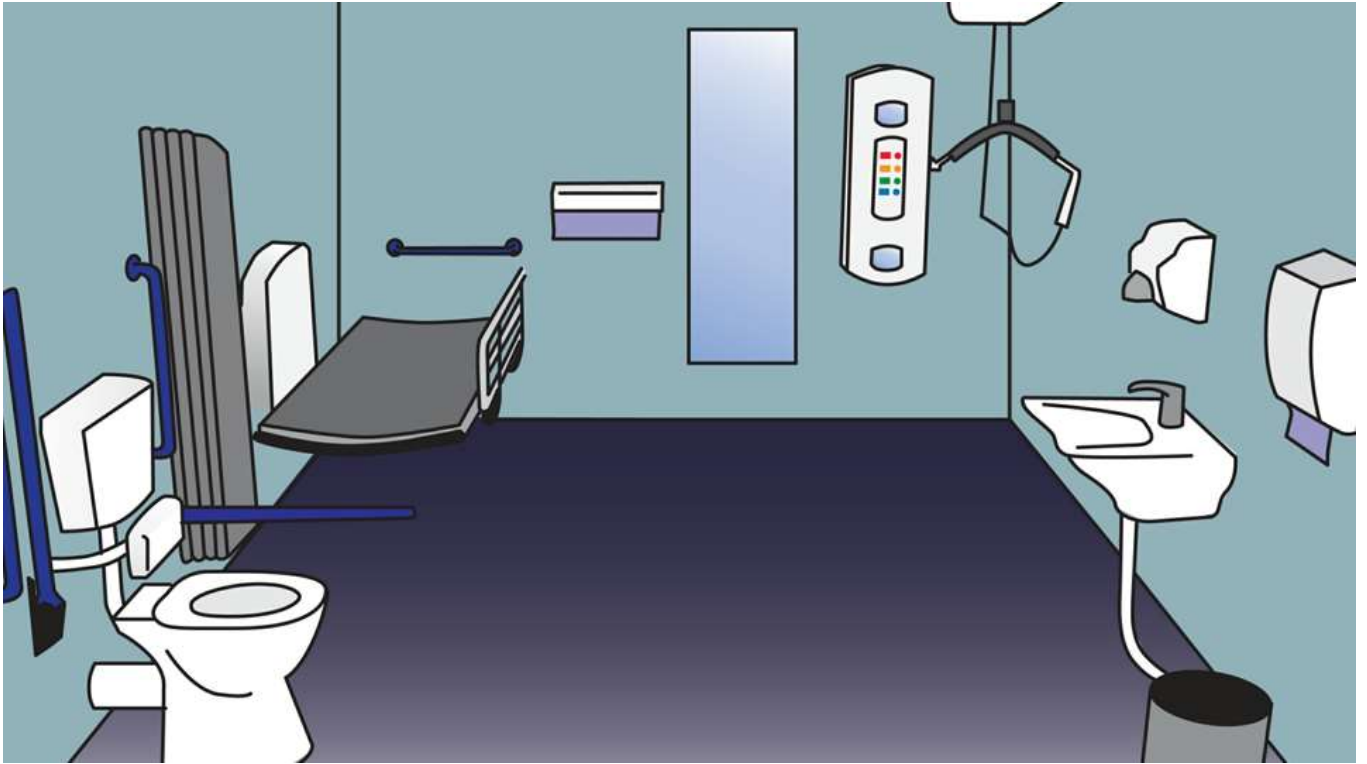

The district councils are still working on their ideas for new Changing Places. So are we. We are asking you about the ideas we know about at the moment.

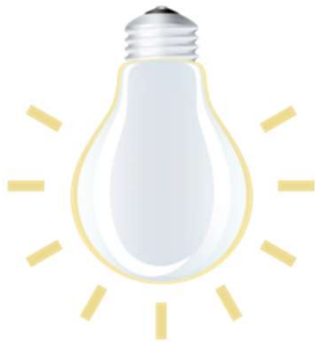

This means there might be more ideas in the future. Or our list might change.

This is a picture of what we think our Changing Places in Norfolk should have.

There is a screen to keep things private.

The light comes on when you open the door.

There is a RADAR key.

There is a non-slip floor.

There is enough space for one person and two helpers.

We think our Changing Places could also have:

- Baby changing for disabled parents

- An accessible shower

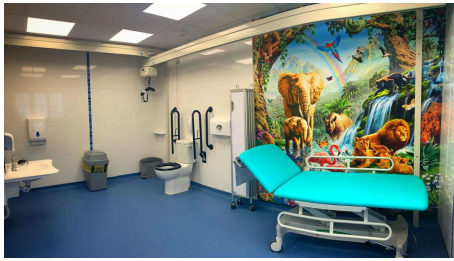

What is important for you to have in a Changing Places toilet? Tell us here

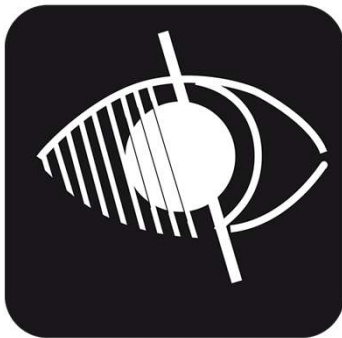

Not all Changing Places look the same. We need to decide what they look and feel like inside.

We think our Changing Places should be

- Friendly – not like a toilet in a hospital!

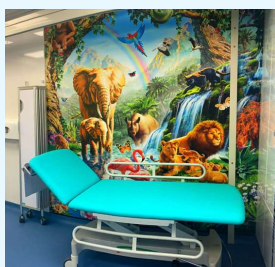

- Easy to use for people who have sight loss

- Easy to use for people with Dementia and Autism

What do you want our Changing Places to look and feel like? Tell us here

What is good about the Changing Places we have now?

What is bad about the Changing Places we have now?

If there is anything else you want to tell us about Changing Places or the ideas for new places please write it here

Please tick the boxes that describe you.

I use Changing Places toilets

☐

I care for someone who uses Changing Places toilets

☐

I work for a group who represents people who use Changing Places and their carers

☐

# Next steps

We will listen to what everyone has to say.

We will share what you say with all the organisations we are working with.

We will use what you say in our reports to our County Councillors and to the Government.

The reports will help us decide how to spend our money on Changing Places.

# Tell us your views

Thank you for tell us what you think about the ideas for new Changing Places in Norfolk.

Please send your form back to us before 15 October 2021.
