

St Giles Street Towns Fund Proposal

Key

-  ① New informal crossing points
-  ② New loading bays at pavement level, providing additional space for walking when not in use
-  ③ Bays for car club use
-  ④ Bays for Pay and Display parking
-  ⑤ Reversal of flow on Upper Goat Lane. This scheme is already approved for implementation - Summer 2022 and not part of this consultation.
-  New street trees (not to scale)
-  Old kerb line
-  New kerb line

Principal Change

Pavements will be widened throughout St Giles Street by reducing the width of the carriageway. This will provide a safer and more pleasant area for walking, cycling and sitting out to encourage active travel and support the local economy
