

Health and safety at the site questionnaire

If an Inspector will visit the site(s), they will need to know what safety equipment and protective clothing to bring. The following questions indicate the type of information the Inspector will need about the site and any land or building that the Inspector will need to enter. Please supply any additional information on a separate sheet of paper

1. Is the site uneven or does it present any other known risks? Is special footwear or any other Personal Protection Equipment required, and will this be supplied at the site?

The site consists of Common Land and public highway, as such those attending site should expect the following (but not limited) hazards; drainage ditches, rough/uneven grass land, live-traffic.

2. Is there any likelihood of exposure to pets or other animals which may present a risk to the safety of the Inspector?

The site is accessible to the public and is visited by those walking their dogs.

3. Is the site remote and/or can it be seen from other occupied buildings/property/public land/roadside?

The site adjoins/and is part of the public highway

4. Does the site have a good mobile phone signal or is there easy access to a public telephone should the emergency services be required?

There is mobile phone coverage. The nearest pay phone is Market Place, Fakenham, 0.6 miles from the site.

5. Are there any areas that require specialist equipment or training for access – any confined spaces?

None known.

6. Are there any dangerous pieces of equipment or substances stored at the location?

None known.

7. Is there any likelihood of exposure to chemicals, asbestos, radiation or are there any other risks, requiring the use of Personal Protection Equipment, which may affect the health & safety of the Inspector? (Asbestos is referred to directly as it was present in buildings built before it was banned in 1977).

None known.

8. If there is any other relevant information which the Inspector should be aware of that is not covered in this questionnaire?

The above information has been provided in good faith, and it is the responsibility of those attending site to ensure compliance with statutory requirements under the Health and Safety at Work Act, CDM regulations and any other relevant legislation.
