### Proposed changes

- ① Existing eastbound bus lane reduced to 90m
- ② Removal of existing central reservation island
- ③ Wider traffic and bus lanes through realigning kerb within pavement
- ④ New signage for existing 'no right turn' restriction due to removal of the central reservation island

### Please note

The existing controlled pedestrian crossing and cycle lane facilities at the Dereham Road junction with Grapes Hill will be retained, as will the uncontrolled crossing point and pedestrian island near Raglan Street. All road markings in the area will be refreshed as part of the scheme.
